

Sinclair's willingness, and in fact, their insistence that their stations air what has been characterized as a politically biased program is a direct violation of FCC rules.

If the FCC acts for the people for whom it represents, all the American citizens, not just those who support the political views of its leadership, then it will recognize Sinclair's illegal action for what it is, illegal.

Please stop Sinclair from becoming yet another in a sad and long list of media conglomerates misinforming, misrepresenting and dishonoring the proud commitment to equality for which so many of our fellow citizens have lived and died for over these 228 years.

Thank you for your time and consideration,

Sincerely,  
Susan Balaban
